***Ecma TC39-TG1  
Phone conference  
28<sup>th</sup> June 2006***

## **Attendees**

- Jeff Dyer, Adobe Systems
- Douglas Crockford, Yahoo!
- Pratap Lakshman, Microsoft
- Dave Herman, Northeastern University

## **Discussion**

- Pratap says Microsoft intends to implement ES4 and E4X in the release of IE after 7
- Pratap asks about the status of Date literals and will add an agenda item to discuss on next week's phone call
- Dave asks about AS3 needing to wrap functions to guarantee dynamic type checks in some cases. Jeff isn't aware of any. Dave to send test case to demonstrate the issue
